Draft note attached.

I spoke to the LA this pm. He would prefer that any note went from here to the clients and was copied to him. He would not be immediately attracted to the art 6 or 8 points but would prefer that Ministers were aware of the possible prejudicial effect on litigation etc. //

The attached is an amalgam of notes from Gordon and Lindsey together with Lindseys note on possible range of damages awards. I am out tonight and away tomorrow although contactable on e mail and phone. I would prefer to send this this pm by 4,30 if poss.
