

Queen Victoria School Dunblane

Addendum to Appendix Part C

Evidence gathering and record keeping

In the evidence we have provided so far, we have made reference to difficulties in finding paperwork relating to policies and procedures for the early part of the Inquiry dates. All policies and procedures that have been identified from our archives have been sent to the SCAI team and you will have noted that we have been more able to collate information from approximately 1990 to 2014. When we made statements such as ‘...documentation can be provided by the latter years of the inquiry...’, this generally relates to the that time period – we are able to provide more information as we get closer to 2014. **Our default position remains that if any relevant document is discovered, we will immediately share it with the SCAI team.**
